# Peek at Our Week

| <b>Standard Focus</b>  | <b>Activity</b>   | <b>Home Extension Activity</b>  |
|--|---|---|
| Attends to quantities when interacting with objects, Notices shapes in the environment.  | Play with our shape sorter and as we are sorting the shapes we will be naming the colors of the shapes.   | Play a game with different color blocks and name the color of the blocks as your child is building with their blocks. |
| Develops positive relationships with peers, Shows interest in peers who are playing nearby and interacts with them briefly.  | We will be playing a game with the children using red and blue blocks and we will have the children sit next to each other while we are building with the different color blocks.                             | Play a game with a certain color lego and then build with that color.   |
| Begins to use movement to express feelings and/or communicate an idea, Spontaneously responds and moves in creative ways while listening to music or sounds, stories and/or verbal cues. | I will be giving the children all red tissue paper and we will put music on so the children can dance. The children will dance to the music as they are moving the tissue paper back and forth as they dance. | Have a dance party at home and add into the dance different color balls to throw or kick to each other.               |
