

STANDARDS	ACTIVITY	HOME EXTENSION
<p>Faith Formation- Creation</p> 	<p>God created Animals and People- We will give each child a cutout of a person, let them create their person, drawing a face, using yarn for hair, and let them cut up fabric for their clothes.</p>	<p>When you go out with your child this week, discuss the different people you see. The different skin, eye, and hair colors. Talk about how God made us ALL to be unique and different.</p>
<p>Second Step/ Skill Streaming- Asking for Help</p>	<p>During lunch this week while the children unpack their lunchboxes, we will discuss different ways we can ask for help. We will encourage the children to ask at least 2 friends for help during lunch before asking a teacher.</p>	<p>Encourage your child to ask for help this week, maybe even from other members of the family that they normally would not ask help from.</p> 
<p>V. Mathematical Thinking D. GEOMETRY 1. Recognizes and names typical shapes (circle, square, triangle)</p> 	<p>Shape hunt- during circle, we will have magnifying glasses cut into different. Introduce them to the children and talk about the different shapes. select the SQUARE magnifying glass, talk about how it looks like the square and let the children walk around the room with a teacher and use their magnifying glass to identify items that are shaped like SQUARE in the room</p>	<p>Go on a shape hunt around your house with your child, see how many things you can find that are shaped like SQUARES</p>
