Creating Our Community

Week of August 8, 2022

Standards	Activities	Home Extension
<p>III Social and Emotional Development A. EMOTIONAL FUNCTIONING Begins to physically respond to the feelings of others</p> <p>I Physical Development A. HEALTH AND WELLBEING Engages in physical activities with increasing balance, coordination, endurance and intensity. Engages in brief instances of physical play</p> <p>VI Scientific Inquiry C. PHYSICAL SCIENCE Demonstrates knowledge related to physical science. Demonstrates ability to move objects</p>	<p>Singing "If you're happy and you know it".</p> <p>Imaginative play with puppets.</p> <p>Pushing wheeled toys for a short distance. Putting toys in the wagon and pulling the wagon around the playground.</p> <p>Day two of Creation crafts. Gluing cotton balls onto blue construction paper, using fine motor skills.</p>	<p>Outside play in a park or open space where your child can run, tumble or roll around to let out their emotions.</p> <p>Practice with pushing the chair in at the table. Practice pulling chairs out from the table. The push and pull movement is a fun way to learn using gross motor skills, but also engage and acknowledge with your child the table concept of pushing in/out their chair.</p> <p>(The Dollar Tree store has pom poms in their craft aisle or cotton balls work great too.) I would like for your child to practice using their pinching grip to place the objects into an empty ice cube. This is a great sensory activity.</p>
